ComEd Genera Empleos a Través de Programa de Internado

Por: Ashmar Mandou

El residente de Gage Park, Luis Mendoza, atribuye su productivo verano de aprendizaje a 'Tools of the Trade' de ComEd, programa anual de internado de verano afiliado con After School Matters que ofrece a los estudiantes adolescentes locales la oportunidad de aprender más sobre la industria de la electricidad a través de entrenamiento práctico en el trabajo y la experiencia de carreras. "El programa 'Tools of the Trade' me fue presentado gracias a mi madre, quien encontró la información y me sugirió participar este verano. Hice la solicitud y estoy feliz de haberla hecho porque aprendí mucho y conocí a mucha gente muy preparada", dijo Mendoza.

Este verano fue el tercer año de 'Tools of the Trade' programa pagado para estudiantes de 16-18 años interesados en adquirir destrezas del mundo real y aprender sobre carreras en electricidad. Funciona en forma similar al programa de aprendices, que permite a los estudiantes ganar experiencia práctica y conocer a líderes de la industria de ComEd, mientras trabajan en el nuevo y moderno Centro de Entrenamiento de ComEd en Chicago.

"Cada día había algo nuevo. El currículo creado para el programa 'Tools of the Trade' realmente le hace a uno pensar sobre la electricidad de una forma diferente y lo que se necesita para abastecer a la ciudad con ella". Para estudiantes como Mendoza, 'Tools of the Trade' ofrece otro

beneficio para quienes no tienen claro lo que persiguen en una carrera de cuatro años. ComEd, con la ayuda de After School Matters atiende la escasez de destrezas y capacita a los estudiantes interesados en seguir una carrera comercial, creando un currículo interactivo y práctico.

"La meta del programa 'Tools of the Trade' es introducir a los estudiantes a carreras en electricidad y el comercio. Equipamos a los estudiantes con lo que necesitan para triunfar, los conectamos con tutores de ComEd, quien los toman bajo su custodia en un ambiente que promueve la curiosidad y donde aprenden que sobre la electricidad en una forma única y divertida", dijo la Vicepresidenta de Asuntos Externos y Servicio al Cliente de ComEd, Melissa Washington. "Es gratificante ver a los estudiantes adquirir conocimientos y ayudarlos en una carrera comercial futura". Como parte del programa, After School Matters vigila la reclutación y el colocamiento de todos los estudiantes e instructores, así como la guía del programa. ComEd

En los últimos años, los adolescentes participantes han dado comentarios

extremadamente positivos sobre su experiencia. El ex-interno, Raúl Nuñez participó en el programa el verano pasado y dijo que no solo disfrutó aprender destrezas prácticas que le ayudarán en una futura

con una ceremonia de clausura para los estudiantes participantes.

"Tools of the Trade' es solo uno de varios programas de ComEd que ayudan a preparar a los jóvenes residentes de Illinois para trabajos bien pagados, a nivel de entrada. Por ejemplo, la compañía creó también un programa de entrenamiento, de nueve semanas, llamado CONSTRUCT diseñado para aumentar el grupo de candidatos minoritarios calificados para trabajos de construcción en Illinois. CONSTRUCT ofrece a los participantes la información y la guía que necesitan para fortalecer su preparación en el trabajo

y sus destrezas de vida y prepararse para pruebas requeridas por la industria que muchas veces son su prerrequisito para el empleo. A través de la observación de profesionales, los candidatos miran de cerca varias opciones de carrera disponibles en campos relacionados con la construcción. Desde

su inicio en el 2012, el programa de internado de verano de ComEd ha provisto entrenamiento de fuerza laboral a más de 1,000 estudiantes. Para más información sobre carreras en ComEd y Afterschool Matters, visite las siguientes redes <https://www.comed.com/AboutUs/Pages/Careers.aspx>

Gage Park resident Luis Mendoza attributes his productive summer of learning to ComEd's Tools of the Trade, an annual summer internship program in partnership with After School Matters that provides local teen students with opportunities to learn more about the energy industry through hands-on job training and career experience. "I was introduced to the Tools of the Trade program thanks to my mother who found the information and suggested I participate this summer. So I applied and I'm happy I did because I learned a lot and met great, knowledgeable people," said Mendoza.

This summer was the third year of Tools of the Trade, a paid program for 16-18 year olds interested in gaining real-world skills and learning about careers in energy management. It functions similarly to an apprenticeship program, allowing students to obtain hands-on experience and meet industry leaders from ComEd, while working in the new, state of the art Chicago ComEd Training Center.

"Each day there was something new. The curriculum created for the Tools of the Trade program really makes you think about energy in a different way and what goes into supplying the city with it." For students like Mendoza, Tools of the Trade also provides another benefit for those unclear about pursuing a four-year degree. ComEd with the help of After School Matters addresses the skilled trade shortage and hones in on students

interested in pursuing a career in trade by creating a curriculum that is hands-on and interactive.

"The goal of Tools of the Trade program is to introduce students to a career path in energy, in trade. We equip students

that fosters curiosity and where they are learning about energy in fun, unique way," said Vice President of External Affairs and Large Customer Services at ComEd Melissa Washington. "It is gratifying to see students

gain hands-on knowledge and assist them in a future trade career." As part of the program, After School Matters oversees the

recruiting and placement of all students and instructors, as well as the program guidelines. ComEd supplies the curriculum, location, guest speakers, and financial portion.

Over the past few years, participating teens have given extremely positive feedback about their experience. Past intern Raul Nunez participated in the program last summer, said that he not only enjoyed learning hands-on skills that will assist him in a future trade career, but he also gained valuable soft skills like confidence and curiosity. The ComEd Tools of the Trade program ran from June 25th through August 9th culminating in a closing ceremony for participating students.

Tools of the Trade is just one of several programs run by ComEd to help prepare young Illinoisans for good-paying, entry-level jobs. For example, the company also created a nine-week training program called CONSTRUCT that is designed to increase the pool of qualified minority candidates for construction jobs in Illinois. CONSTRUCT offers participants the

information and guidance needed to strengthen their job readiness and life skills and prepare for industry-required testing that is often a prerequisite for employment. Through job shadowing, candidates are given an up-close look at the various career options available in construction-related fields. Since its start in 2012, ComEd's summer internship program has provided workforce training to more than 1,000 students. Peoples Gas Introduces Canine Safety Ambassador

Wrigley, a golden retriever puppy, was unveiled as the “Doggone it” contest winner and Peoples Gas’ new canine safety ambassador to help spread the word about safe digging. National 811 Day is observed each year on August 11th to raise awareness about calling 8-1-1 at least 48 hours before beginning any digging projects. Activities such as landscaping, installing a mailbox, and building a deck are among the projects that require a call to 811. Peoples Gas and 811 Chicago also commemorated national 811 Day with a demonstration of how utilities locate and mark underground natural gas pipelines. The demonstration, at Navy Pier, served as a reminder to homeowners and others to call 811 for locating and marking underground facilities prior to excavation. 811 Chicago was also present at the celebration to provide information on safety precautions before digging. Visit peoplesgasdelivery.com or 811 Chicago for more information about 811 and safe digging practices.

CDPH Announces More Residents Receive HIV Care Compared to 2015

The Chicago Department of Public Health (CDPH) announced that so far this year, the city has served 1,814 people living with HIV in Chicago as the city continues to expand HIV primary care support. Now in the third year of the HIV primary care expansion partnership between CDPH, the University of Illinois at Chicago (UIC) and Howard Brown Health, the program is on track to serve five times as many individuals than were served in prior years. Last year, Mayor Emanuel and CDPH announced that new HIV diagnoses in Chicago hit a new record low after 15 years of declines. CDPH's 2017 HIV/STI Surveillance Report

showed a 55 percent decrease in residents newly diagnosed with HIV in 2016 compared to 2011. According to the 2017 HIV/STI Surveillance Report, 80 percent of Chicago residents newly diagnosed with HIV were linked to medical care in 2016, within one month of diagnosis. Within 12 months of diagnosis in 2016, 92 percent of individuals had been linked to medical care, placing Chicago well ahead of national rates. Further, CDPH has launched an acute HIV hotline, 312-74-ACUTE (312-742-2883), recognizing the short timeframe and highly infectious nature of the acute HIV infection

phase, this will ensure services are provided to acutely infected HIV

individuals in a timely and efficient manner. For more information on the Primary

Care clinics and CDPH's HIV prevention, treatment and surveillance initiatives

CDPH Anuncia que Más Residentes Reciben Cuidado VIH Comparado con el 2015

El Departamento de Salud Pública de Chicago (CDPH) anunció que hasta lo que va de este año, la ciudad ha atendido a 1,814 personas que viven con VIH en Chicago, ya que la ciudad continúa ampliando su apoyo de cuidado primario de VIH. Ahora, en el tercer año de afiliación de la ampliación del cuidado primario de VIH entre CDPH, la Universidad de Illinois en Chicago (UIC) y Howard Brown Health, el programa está en vía de

atender a cinco veces más individuos que en años anteriores. El año pasado, el Alcalde Emanuel y CDPH anunciaron que los nuevos diagnósticos de VIH en Chicago alcanzaron un nuevo récord más bajo después de 15 años de disminución. El reporte de Vigilancia de VIH/STI del 2017 de CDPH mostró un 55 por ciento de disminución en residentes recientemente diagnosticados con VIH en el 2016, comparado con el 2011. Además, CDPH

ha lanzado una línea directa para VIH agudo, 312-74-ACUTE (312-742-2883), reconociendo el corto tiempo y la naturaleza altamente infecciosa de la fase aguda de la infección del VIH, esto garantizará que se presten los servicios a personas infectadas agudamente con el VIH en forma pronta y eficiente. Para más información sobre las clínicas de Cuidado Primario y la prevención de VIH de CDPH, iniciativas de tratamiento y vigilancia, visite www.cityofchicago.org/health.

CCHHS Reminds Parents to Schedule Back to School Immunizations and Physicals

Summer vacation is coming to an end and the first day of school will be here before you know it. Physicians at the Cook County Health & Hospitals System (CCHHS) are encouraging families to get an annual physical exam and required immunizations for their children. In Illinois, school physicals are required for children entering kindergarten, 6th and 9th grades. Students must also show proof of immunization against vaccine-preventable diseases such as measles, tetanus, polio and more. The annual physical includes assessing your child's growth, risks for diabetes and complete physical exam. Annual visits are opportunities for doctors to provide

wellness guidance and advice. CCHHS has a wide network of expert physicians who can help

families prepare for a healthy school year. To schedule an appointment for your child or to find a

CCHHS provider close to you, contact the CCHHS Patient Support Center at 312-864-0200.

CCHHS Recuerda a los Padres Programar las Vacunas y Exámenes Físicos de Regreso a la Escuela

Se están terminando las vacaciones de verano y el primer día de escuela estará aquí antes de pensarlo. Los doctores de Cook County Health & Hospitals System

(CCHHS) exhortan a las familias a que tengan listo el examen físico anual y las vacunas requeridas para sus hijos. En Illinois se piden los exámenes físicos para niños que

entran al Kindergarten y al 6° y 9° grados. Los estudiantes deben también tener prueba de vacunas contra enfermedades prevenibles, como el sarampión, el tétano, la

polio y más. El examen anual incluye la evaluación del crecimiento del niño, el riesgo de diabetes y un examen físico completo. Las visitas anuales son una oportunidad para que los doctores les den una guía de bienestar y consejos. CCHHS tiene una amplia red de doctores expertos que pueden ayudar a las familias a prepararse para un año escolar saludable. Para programar una cita para su hijo o para encontrar un proveedor CCHHS cercano a usted, comuníquese con CCHHS Patient Support Center al 312-864-0400.

Saint Anthony Hospital, AMOpportunities to Teach Foreign-Trained Medical Students

Saint Anthony Hospital has formed an innovative teaching affiliation with 2017 University of Chicago New Venture Challenge Winner, AMOpportunities, to provide international medical students hospital-based clinical rotations. The partnership establishes a new pipeline to address the growing need for foreign-trained physicians to train and practice at U.S. community hospitals in light of the U.S. physician shortage. Nearly 30 percent of United States physicians are foreign-trained, with health care having the largest proportion of foreign-born workers of all major industries. The United States attracts the top students from medical school classes around the world and clinical rotations are their entry point into the U.S. health care system. These clinical rotations are a critical required component of a medical student's education. Further, clinical experience in the United States is required for international medical trainees wishing to practice at American residency programs. Under the new partnership, international medical students will attend clinical rotations in all specialties for six- to 12-week clerkships and four-week electives. These rotations will take place at Saint Anthony Hospital located in Chicago.
